SPARE EQUIPMENT and LENDING

If a student's Chromebook is inoperable, the school has a very limited number of spare devices for use while the student's Chromebook is repaired or replaced. The student may not OPT to keep an inoperable Chromebook assigned to them to avoid doing class work. In addition to a few spare Chromebooks, there will be some regular Windows laptops and/or desktops available for class use.

INSURANCE

This year, we are asking each student to pay \$10. *(If your child receives Free/Reduced lunch this fee is waived – however, the signature page must still be returned.)* (Please make check/money order payable to your child's school and it is nonrefundable. Drop signature page (and check/money order-if applicable) off in the office). This money will help purchase new parts to help the school repair or replace damaged equipment resulting from normal and accidental use. Willfully destroying a Chromebook is not covered by this insurance fee. (At this time, screens cost around \$50.) Loss or damage of a Chromebook due to intentional or willful student negligence will result in the student being charged the full replacement cost to purchase a new Chromebook (approximately \$190.00).

FYI - Beginning in August of 2017, only the incoming 3rd graders at the elementary schools, 6th graders at the middle schools and the incoming 9th graders at the high schools will be asked to pay the insurance – which is good as long as the student stays at that location.

If students transfer to another in-county school – the fee paid does not transfer to the new school, nor does the Chromebook. Student will be expected to have new form completed and pay \$10.
